

Terrence Gillespie

Principal Design Engineer — Design Systems, Payments & Native Platforms

Brisbane, Australia terrygillespie.com/product-designer linkedin.com/in/tezjnr

EXPERIENCE

Principal Design Engineer

Apr 2020 — Present

Westpac Group — Design Systems, iOS, Android, macOS & watchOS

- Custodian of the native app design system — tokens, components, and accessibility across iOS, Android, macOS, and watchOS for 4 million daily users
- Builds Storybook-style component libraries and UI builders for native platforms on macOS; ships menu bar apps and watchOS complications
- Led design and delivery of SafeCall (verified in-app calling) and SafeBlock (instant account locking) — scam prevention features protecting customers at the moment they pay
- Led design integration of an acquired personal finance app — spending insights, charting, and budgeting at banking scale
- People leader across a senior design team; presents annual design review to an engineering audience of 4,000 at TechX
- Westpac app rated #1 in Australia by Forrester three consecutive years (2023, 2024, 2025); #1 for access and inclusion — Australian Disability Network

Senior Venture Designer

Dec 2018 — Apr 2020

Westpac NEXT — Venture & Strategic Investments

- Venture design integrating Westpac's strategic fund investments into core banking products
- Designed and prototyped a property app and an insurance product

Design Team Manager & Lead Product Designer

Apr 2016 — Dec 2018

EyeOn IT — Telco & Healthcare, Sunshine Coast

- Managed the design team and led product design across telco and healthcare clients

Experience Design Lead

Jun 2013 — Mar 2016

Telstra Digital — Identity, Authentication & Design Systems

- Designed login, registration, and account recovery flows for 15 million registered mobile users — inclusive, accessible experiences at national scale
- Delivered the responsive Telstra.com website and evolved the design system originally created by frog design
- Led Google Design Sprints in the Idea Accelerator — rapid hypothesis validation from sketch to testable prototype

Co-Founder & Design Lead

Jan 2008 — Jun 2013

isotype — Full Service Design Studio, Sydney

- Founded and ran a full-service design studio; clients included ASX, Coca-Cola Amatil, Havaianas, Westpac Group, and Sony Australia
- Experience design, creative direction, apps, branding, and photography
